Citizen engagement platform to be installed soon.msg
SmartCity Kiosk MapV3 Jan19.pdf

Here's what I have. Some of it needs to be updated:
Triad Connected Cities: Burlington has acquired conduit from NCDOT that runs from Burlington to Greensboro. Burlington will install fiber connecting Greensboro. Fiber between Greensboro and Winston Salem is installed.
TriGig: NS indicated potential plans to run fiber to Burlington in 2019. GSO & NS are looking at fiber projects in east Greensboro
Smart Kiosk: Phase I will be 13 Kiosks in downtown Greensboro. Plan is to connect kiosks to future circulator bus route that will run from Koury Convention Center, down Gate City Bv, and into downtown. Kiosk locations will be expanded to Gate City Bv Smart Corridor at transit stops and other destinations.
Smart Corridor: GDOT is working with consultants on plan to move pole line and streetscaping plans.

Are there any good, concise write-ups of Tri-Gig, Connected Cities and the Smart Corridor that you can send my way fairly quickly?
